

Anonibet.com joins the Bitcoin Foundation

Anonibet, the oldest Bitcoin Sportsbook and Casino, is now a Gold member of the most recognized bitcoin hub, the Bitcoin Foundation. The move is not much of a surprise as Anonibet, which was founded in 2011 has been the standout leader in Bitcoin Sports Betting and Casino.

Since 2011, Anonibet has been a fervent believer and supporter of the Bitcoin, from the times when a Bitcoin was worth a fraction of the dollar, to the point where it was worth a more than a thousand, to now, where we still believe the currency of freedom will stand firm and liberate the way transactions are governed. The reason we have joined the Bitcoin Foundation is because we are grateful for the works that have been done by the Foundation since September 2012. When the foundation was formed, Anonibet had been in existence for 10 months and we are first hand evidence as to how the Foundation has changed the face of Bitcoin as we have been in the industry in the pre Bitcoin Foundation era. We are very much pleased in the way they have advocated and lobbied for the survival of the bitcoin. The Foundation has done a very remarkable job for the whole Bitcoin Industry therefore it is more than deserving for all the support we can give to it and we shall do as much as we can to make this Gold membership be a fitting example to all other Bitcoin Sportsbooks.

In as much as we are perceived to be on top, Anonibet is not stopping when it comes to improving and developing our service and we are working round the clock to provide a product that is subtle and can blend with the shine of the Bitcoin. We recently launched our Live Customer Support Service, and that has seen a major improvement in our customer relations. We are also proud to announce that our long awaited Affiliate Programme will be launched in the coming days therefore we urge all those with the desire and need to work with us to be ready to join us as we move on with the revolution.
